ELEMENTS OF RISK

The risk of injury exists in every athletic activity. Falls, collisions, and other incidents may occur and cause injury. Due to the nature of some activities, injuries may range from minor sprains and strains to more serious injuries affecting the head, neck, or back and/or drowning in water-based activities/sports. Some injuries can lead to paralysis or prove to be life-threatening. Injuries as a result of participation in an activity can occur without fault on either the part of the student, or the school board and its employees or agents, or the facility where the activity is taking place. A student choosing to participate in the activity assumes the risk of an injury occurring. The chances of an injury can be reduced by carefully following instructions at all times while engaged in the activity. The school board attempts to manage, as effectively as possible, the risk involved for students while participating in school sport and recreation activities.

STUDENT ACCIDENT INSURANCE NOTICE

The Waterloo Catholic District School Board does not provide any accidental death, disability, dismemberment/ medical/dental expense insurance for student participation in school sponsored activities (e.g., curricular, intramural and interschool). For insurance coverage of injuries, parent/guardians are encouraged to consider a Student Accident Insurance Plan from an insurance company of their choice.

SAFETY RECOMMENDATIONS

In the interest of safety, we strongly recommend:

1. Students have an annual medical examination.
2. Students bring emergency medications (e.g., asthma inhalers, epinephrine auto injector) to all activities.
3. Students remove eyeglasses during practices or games. If eyeglasses cannot be removed, the student must wear an eyeglass strap or shatterproof lenses.
4. Students must be made aware of ways to protect themselves from environmental conditions (e.g., use of hats, sunscreen, sunglasses, access to liquid replacement, insect repellent, appropriate clothing).
5. A safety inspection is carried out at home of any equipment brought to school for personal use in sport and recreation activities as well as practices and interschool competitions (e.g., skis, skates, helmets).

CONCUSSIONS

If the student is presently diagnosed with a concussion by a medical doctor/nurse practitioner, that was sustained inside or outside of school activity, the student must have completed all stages of the Return to School Plan outlined in WCDSB's Concussion Passport, Return to School Plan (Form APH027-04F).
