Cyber Bullying

- Bullying is an action that is done on purpose;
- One person has more power or strength over another;
- It is usually done more than once; and
- The action is not wanted by the child being bullied.

What is Cyber Bullying?

The use of communication tools:

- E-mail,
- cell phones,
- pager text messages,
- instant messaging,
- or web sites

to purposely harm a person with repeated and aggressive behaviour by a person or a group.

How is Cyber bullying different?

- Cyber bullying is hidden from adults even more than other types of bullying
- Children being bullied may fear telling an adult because they may lose their internet or cell phone privileges
- The child being bullied may not know who the cyber bully is

Information has been adapted and permission has been granted from Bill Belsey www.cyberbullying.ca

What can be done about Cyber bullying?

If you or your child is being cyber bullied here are some things you could do:

- do not reply to the message
- do not erase or delete messages, that is your evidence
- inform your internet, instant messaging or cell phone provider
- contact the police, there are Canadian laws that protect against harassment and discrimination

How can Cyber Bullying be Prevented?

Parents should discuss with their children:

- Do not believe everything that is said online
- Do not send messages to others when you are angry
- Do not open messages from someone you don't know
- Trust your instincts, if something makes you uncomfortable turn off the computer and tell an adult
- Use the computer in a supervised area (not the bedroom)
- Do not share personal information or post your picture on the internet
- Limit the amount of time online
- Tell an adult about the information you are looking at and the people you are talking to
