4. Delegations

4.0 Ride to Conquer Cancer – WCDSB Team

P. Tratnyek introduced Rob Holowack, Specialist High Skills Major/Tech consultant. He, Darcy Davis and Peggie Nicolson were members of the Ride to Conquer Cancer team at the Board office last June. During the ride they found other teachers from our system were also on teams. This year they brought forward a proposal to the director and associate director, who were very supportive, entitled “Giving Back” and there are now seventeen riders from our board with representation from elementary and secondary.

4.1 Specialist High Skills Major

As part of student achievement R Holowack spoke about the Specialist High Skills Major program started by the Ministry of Education about five years ago in an effort to engage students and reduce dropout rates. Many students are undecided about their future/education when they graduate. The program helps students focus on their education, the future and have a better understanding of why they are in high school. There are thirteen Specialist High Skills majors for students to participate in providing them with additional learning opportunities and real life experiences. Currently one in three grade 11 and 12 students are in the program. Three universities recognize SHSM with bursaries.

The Chair thanked R. Holowack for his presentations.

4.2 Roundabout Update

J. Shewchuk provided background on the work with the Region about roundabouts. With the opening of the roundabout at Homer Watson and Blockline Road at the beginning of the school year St. Mary’s High School staff worked with regional staff to ensure students followed proper crossing protocols and the Board issued a news release. On September 7, WCDSB alerted the Region of Waterloo and Waterloo Regional Police Services of St. Mary’s High School staff concerns about student safety centred on vehicle speed and motorists failing to yield to pedestrians. These concerns were addressed immediately by the WRPS increasing traffic enforcement at the site and the Region improving signage and posting an “advisory speed” of 30 km/h.

When one of our students was hit crossing Blockline road on Oct 7 we requested a meeting with the Region of Waterloo. In the immediate short term there will be regional staff present between 8:30 and 9:15 a.m. and 2:45 and 3:30 p.m. to assist students to cross until the Region can employ crossing guards. Crossing guards will remain until long term solutions can be implemented (expected by the end of December 2011). The Homer Watson approach to the roundabout where the majority of students cross will be reduced from three to two lanes. They will also undertake a speed study to see if the approach speed on Homer Watson should be reduced from the current 70km. In the long term crossing guards will remain in place until the Region can install suspended ‘yield to pedestrian’ signs at the roundabout entrance. The Region is continuing plans to construct a roundabout at the intersection of Franklin Boulevard and Saginaw Parkway.

P Reitmeier asked that a Notice of Motion to be brought forward to the Oct 24th Board of Trustees meeting.

THAT the Committee of the Whole Board recommends to the Board of Trustees that the Chair of the Board immediately write to the Chair of the Regional Municipality of Waterloo asking that, given the Waterloo Catholic District School Board’s serious concerns about the safety of WCDSB students, the Region of Waterloo abandon plans to install a traffic roundabout at the intersection of Franklin Blvd. and Saginaw Pkwy. in Cambridge and that the Regional Municipality of Waterloo maintains that intersection as a signalized intersection.
