Quotes

"As a provincial leader in 21st century teaching and learning, we know the huge role technology plays in the lives of everyone. So it only makes sense to use technology to make our schools even more accessible to the community. We believe registering a child for school should be as simple and convenient as possible, and we hope introducing an online option to the school registration process will help more people than ever experience the difference of a Catholic education."

~~ Loretta Notten, *Director of Education, WCDSB*
