QuickFacts

- ✓ **Extended Day Programs** enhance the impact of the Full-Day Early Learning Kindergarten Program and are taught from a faith-based perspective. The programs are delivered by teams of **Registered Early Childhood Educators (RECE)** who are members of the **College of Early Childhood Educators**.
- ✓ The extended day teams are dedicated to providing faith based, quality educational programming. Having an educator from the core day provides a seamless day allowing for consistency and security for both parents and children. The extended day program offers parents a convenient school location, equity of access and a safe and healthy environment for young children.
- ✓ The Extended Day program is optional for parents and offered by boards on a cost recovery basis only where there is sufficient demand to make the program viable. The Ministry of Education sets mandatory viability at an enrollment of 20 children from JK to grade 6.

Quotes

“We’re very proud of our extended day programs. When parents choose one they know their child will continue receiving the same quality, inclusive, faith-based education they receive during the regular school day. It’s just another example of the tremendous added value our Catholic schools bring to Waterloo Region and a great example of why Catholic education has always been and remains a jewel within our community.”

~~ *Loretta Notten, Director of Education*
