Program Overview: The WCDSB is proud to welcome employees to our Leadership Program. This formal program provides a consistent approach to leadership development which respects that acts of leadership can come from anyone in the organization. The Catholic Leadership program is focused on nurturing the development of our leaders ensuring that the explicit focus of their development efforts are consistent with the leadership practices described in the Ontario Leadership Framework.

WCDSB’s Catholic Leadership program consists of three modules. Part I participants learn to develop their leadership skills within a Catholic education system. In Part II, moving to Authentic Leadership participants learn the “Why” behind leadership in the school system. Concluding with part III, Advanced Leadership where the leader identifies their own and others’ leadership skills and capacity to effect change.

Once in the leadership role, leaders are supported through our INDUCTION LEADERSHIP SERIES and employees interested in developing their understanding and learning regarding innovation are invited to consider our INNOVATION LEARNING SERIES.

Innovation
The goal of the Innovation in Leadership series is to support administrators and innovative teachers in their own learning and leadership practices as related to student achievement. It is a co-learning opportunity for current administrators and interested teachers to share innovative best practices while working through the design thinking process towards school-level innovations. Key concepts in Dive Into Deep Learning and Teachers as Designers of Learning Environments will be explored as supporting resources for Innovation in Leadership.

Facilitator:
Suzanne Smart, Learning Innovation Consultant
Dates & Locations:

- November 14, 2019 Location TBD, 4:30 - 7:30 p.m.
